

# ENGAGING FAMILIES!

Use this during our Sunday services as you listen to the talk, to help our families engage and feel part of it.

## Key

Black:	everyone
Red:	5-7's
Green:	8-11's
Blue:	11+

For **under 5's** give them things to play with and try talking to them about what is happening and why. Explain everything as you go along. Maybe give them something to bang or shake during the songs

## INTRO

### PASSAGE:

What is today's passage about?

Why do we need to listen?

## TRUTH 1

### Work it out!

What can we learn here?

Did you spot it?

Can you draw what happened?

(you might need to use another piece of paper)

### Live it out!

How could this change you this week?

## TRUTH 2

### Work it out!

What can we learn here?

**Did you spot it?**

**Can you draw what happened?**

(you might need to use another piece of paper)

### Live it out!

How could this change you this week?

## SO AS WE FINISH

What is today's big idea?

How does this help us cope with Cov-19??

Promise Land

Get into a huddle at the end of the service help each member of the family to share what they learnt and what questions they have- and to pray through those thoughts. See if you are able to answer the question, "If we knew, believed and felt today's big Bible idea, how would this help us cope with this peculiar season of Covid-19?"
